Battle River Claims

Another Victim

The treacherous waters of the Battle River claimed another victim on Tuesday evening. In the person of John G. Odell, one of the most industrious and intelligent Indians on the Reserve. It seems that Johnny and a companion were searching for berries on the east point of the reserve, and in order to save time endeavored to ford the river about five miles east of Hobbema. No sooner had the horses begun wading than they entered the stream than they were caught by the undercurrent, and immediately disappeared. Odell was carried under, but his companion was more fortunate, as he managed to reach the shore after a strenuous struggle. At the time of writing the remains of neither the man or horses have been found, although a diligent search is being made. The unfortunate victim was about thirty years of age, and was an ex-pupil of Ermineskin's school at Hobbema.

Demise of Mrs. Underwood

Another old-time resident was called to the great beyond early on Wednesday morning, when Anna Abella, beloved wife of Mr. Willard T. Underwood, passed away at the home of Mrs. Elmer Campbell, where she has been stopping for some time in order to receive the best medical attention. Deceased had been suffering for some time with dropsy, but was not thought to be seriously ill until a few days ago. She was born near Woodstock, Ont., about forty years ago. In the year 1885 she and her husband went to South Dakota where they resided for seventeen years. Ten years ago they joined the big immigration to this part of Alberta and took up land near Angus Ridge, where they have resided ever since. She leaves to mourn the loss of an affectionate wife and loving mother, a husband, seven sons and four daughters, the oldest being G. E., at home, and Mrs. R. S. Nelson, of Toronto, Ont.

On account of relative coming from a distance, the funeral will not take place until Sunday, June 13th, when service will be held in the Methodist church at 1:30 p.m. The remains will be laid to rest in the Wetaskiwin cemetery. We join in extending the deepest sympathy to the bereaved family in their irreparable loss.

Miss Compton is visiting here, Mrs. R. H. Mills, of Sedgewick.

T. L. Golden Writes

Very Entertainingly

The following letter from T. L. Golden, formerly of the Canadian Bank of Commerce staff here, which was written to a friend, relates some of the experiences the boys at the front are having.

Somewhere in France, May 15, 1915.

At last we have come over here and are on our way to the battle-line. It is now nearly two weeks since we landed in this country and have been marching more or less ever since. At first it was rather hard to "walk on our feet" after being so used to horses but it does not worry me in the least now. We have good long rests between good long marches, and the food, though plain, is plentiful.

Our standard ration is bully beef, black tea and great hard biscuits. At first I was almost unable to break the latter even with the aid of a hammer, but now I can eat two of them with a meal with as much ease as if they were cream puffs from the "Model Bakery."

This country is but slightly different in appearance from the south of England. The farm houses are all built in the form of a square, with a paved yard in the centre. The people are very industrious, but not scrupulously clean in their habits. The country is absolutely flat and every inch of it cultivated. It is dotted with windmills, and here and there you will see a very picturesque chateau. I visited one last Sunday. The owner told me that it was built in 1552, and had been used by British soldiers in the Napoleonic wars.

Squadron of our regiment is billeted there. The women in this country do most of the farm work as all the men seem to go to the war. They look well in their clean bonnets and apron, wooden shoes. At night we were in the English rings you see all work stopped, every male head uncovered and every female head bowed. They pray for about five or ten minutes and then go on with their work. To look on the peaceful scenes around, you would never think that there was in progress a few miles away the vilest carnage the world has ever seen or dreamed of.

There are beautiful churches everywhere a few miles and every one is a masterpiece of architecture. These are usually surrounded by a circle of trees, which are very beautiful just now. The damage done to the churches is the most part repaired. The people have acquired a smattering of English after nearly a year's association with British soldiers.

A lot of Canadian infantry halted opposite our tent last night, and I walked down to see if I knew any one. I met Bill Smith who used to work in Joe Cowan's livery barn. He told me that Wells and Fred had been missing after the charge at Ypres, and that Pat Woodcock had got a commision.

They issue us tobacco, but the store is hardly satisfactory. There is always a short of joy food, some of the Canadian gets a tin of Hudson's Bay Mixtures or Old Chum tobacco from home.

We have a complete baseball outfit with us. It's great to hear the old familiar cry of "The pitcher" in the air, or "get him on 3rd" amid strange scenery and the rumbling of the guns.

The boys are billeted in barns with a good layer of straw for a bed. Every day one of our section (8 goes on a foraging expedition, and generally manages to bring in a few eggs, a loaf of bread or some other delicacy. It's a common practice to go out at night and milk a cow and have the milk sent to the kitchen. I'm becoming quite expert at it. I can get a mess-tin full in quite a short time if the other fellows hold light on the cow's horns.

To sum up, I'm enjoying myself immensely, although it's a little hard on the nerves. On our marches we sing and whistle, and fifteen miles we just like five. "John Brown's Body" and "Marching Through Georgia" are the favorites but we have lots of others. Mouth-organs are a capital aid to marching. Our officers gave the troop a present of a dozen, and when you listen to all these playing different tunes at the same time, it gives you the feeling that you are marching.

There are lots of things I could tell you but there is the censor to be reckoned with.

Very Sincerely,

T. L. Golden.

A lively runaway took place on Saturday evening, which might easily have proven quite serious if not for the quick action of the police. The driver, a young man named Ellis was driving around the city the horse became frightened at the antics of some children, who were trying to hit the animal with switches and dirt. The horse eventually got beyond control and after a short run capsize the carriage, throwing the occupants heavily to the ground. Mrs. Ellis received a number of painful bruises, which are not serious, and the baby was badly shaken up. Bernard escaped with a badly sprained wrist. The baby was badly smashed, but the horse was unhurt. It is fortunate the affair was not far more serious, as the horse ran through a crowd of small children, and the baby was hit but not seriously injured.

Army College

Principal Coming

Lieut. Col. Charles A. Taylor, the principal of the Salvation Army College, Toronto, will visit Wetaskiwin on Tuesday, June 15.

The chair will be taken at 8 p.m. by H. J. Montgomery, M.P.P., who will be supported on the platform by the ministers of the local churches as well as some of the prominent citizens and business men.

The College is on an extensive tour of the Army stations between Winnipeg and the Pacific Coast.

Colonel Taylor has been an officer in the Salvation Army for nearly thirty years, during which time he has very acceptably and with much credit to himself, filled prominent positions in this and other lands.

For the past twenty years, the Colonel has been engaged in training officers for the Canadian Army work, the last ten years of which he has occupied the position of principal of the Army's Canadian College at Toronto.

Principal Taylor is generally recognized as one of the most capable platform speakers in the ranks of the Canadian Salvation Army, being fluent, convincing and entertaining.

It has been arranged for the Colonel to give his Wetaskiwin hearers his now famous lecture "Made in Canada."

In these days of patriotic fervor, this subject should be an interesting one, and this being the Colonel's first tour of Western Canada, he will undoubtedly be greeted with a large crowd on the occasion of his visit here.

A copy of the Provincial Game regulations was received at the Times office this week. Anyone interested may see the copy by calling at this office.

GLAD TO SEE THEM

Edmonton, June 4.—"Let them go
out business," said the Rev. Harb
Dubois, of Regina, Social Service
secretary of the Methodist church at
the session of the Alberta Methodist
conference today, in reply to the
declaration of the hotel men of Sas-
katchewan that they would close up
their places entirely July 1, the day
that prohibition in that province is
to go into effect.

"If they do go out of business,"
said Mr. Dubois, "and take others
to provide the public accommodation
that is required, it will be the last
nail in their coffin, for nothing will
make the people more determined
that they should go out of the il-
legal business for good."

Rev. J. P. Barry, M.A., of Cross-
field, was the speaker at the "quiet
hour" service. He deprecated machi-
ne methods, and said that just as
Germany had endeavored to build
up a huge machine in an effort to
conquer the world, so had the church,
by means of portentous ballads
and elaborate equipment, assem-
bled a machine which was ever in
conflict with the spirit. This was
the machine which was locking the
church union, and was tending to
commercialize so many reform move-
ments. It was their business to
cast this devil out of the national
life, but it must be first to cast out
of the hearts of the preachers and
laymen.

Referring to the question of politi-
cal corruption, the president, Rev.
W. J. Conly, said the United Farmers
of Alberta were doing more to
clear the political air than the church
and ever done. The ministers
should help the organization all they
could.

A probationer who broke the laws
of the church, which forbids un-
dressed ministers to marry, and en-
tered the married state, was the
subject of an animated discussion.
One of two of the ministerial dele-
gates wanted to read him out of the
church, but as the case was an un-
usual one, he was returned on pro-
bation.

Several recommendations for bet-
ter Sabbath observance were adopt-
ed. Acting Mayor Frith, of Edmonton,
extended greetings, and said that as
an Anglican he looked forward to
the time when there would be one
universal church.

C.P.R. PROVIDES WORK

IN WEST FOR 5,000 MEN

Ottawa, June 1.—Western Mayors
who visited Montreal to request ac-
tion on the part of the Canadian Pa-
cific Railway to take some action to
relieve the unemployment situation
in the west, met with considerable
success. Mr. Burg, in the absence of
Sir Thomas Shaughnessy, discussed
the situation, and has agreed to give
employment to 4,000 or 5,000 men
until harvest.

No new construction work will be
undertaken, but extra gangs on im-
provements will be greatly increased,
and new gangs organized.

The shell industry will also be de-
veloped by the Canadian Pacific in
the west to give further employment.
The new men employed will be se-
lected from the several large centres
in the west.

In addition to this means of relieving
the situation, Italian recruits will
soon be mobilized and sent to
Italy.

An announcement from the govern-
ment on the whole question may
be expected in a few days.

VALUE TO THE STATE

To the Editor:

Sir Victor Horsley says "The tes-
tototaler is worth more than the State
than is the moderate drinker. The
testototaler by his total abstinence
is already doing much more for
the State than does the moderate
drinker and more than that he is
doing his country's work under the
irritating knowledge that much of
his contributions to the national pur-
se are wasted caring for the mis-
chief caused by the drinkers. At the
present time we have great need for
men able to work for their country
at their maximal efficiency whether
at the front or at home. Only the
testototalers among them can fulfill
this national and patriotic require-
ment since their vitality is not weak-
ened by alcohol.

"That the testototalers contribution
to the State is far greater than that
of the moderate drinker is shown by
several facts, the most important of
which is that the total abstainer at
thirty years of age gives to his coun-
try thirty years of useful life more than
his fellow citizen who supports the
drink traffic; secondly that the tes-
tototaler is twice as healthy as the
moderate drinker, and thirdly that he
only half the sickness of the latter."

PRINCESS PATRICIAS ARE
ALMOST ANNIHILATED

Montreal, June 4.—A Montrealer in
the ranks of the Princess Patricia's
has written to a newspaper his ac-
count of the need of the regiment
for recruits if it is to be saved from
extinction. His letter, in part, is
as follows:

"The Princess Patricia's left Cana-
da 1,100 strong, landed in France
with 1,000 men in all ranks and 100
men at the depot. Since December,
1914, it has been constantly in the
trenches, has taken part in every
engagement on its front, has swal-
lowed up over 700 reinforcements and
today stands face to face with the
German 244 strong, no men at the
depot, no drafts from Canada yet in
sight, in danger of being wiped out
of the state from lack of men and wit-
out any viable support. Its reputa-
tion is: Trenches taken by dash,
mentioned twice in dispatches, once
in the house of commons and never
having allowed an inch of ground
to fall to the Boches.

"This regiment, after 23 consecu-
tive days in the firing line, held the
line at a most critical moment, un-
der the heaviest shell and rifle fire,
for 34 hours, and is now so depleted
that it had to join with the King's
Royal Rifles, and so form a com-
posite battalion, in which, at this
time, it still defies the Germans from
the identical spot where it emerged
four days ago with but 4 officers and
100 men.

In conclusion he says "Montreal,
in August last, turned out to bid
farewell to the Princess Patricia's,
and as a Montrealer, I believe in my
fellow-citizens are as good at fight-
ing as they are at cheering. On ac-
count of the request, as is that
right, under the King's regulations,
to be posted to the Princess Patric-
ia's."

DOING ONE'S BIT

One sweetly solemn thought comes
to me every night; I at my task
have wrought, and tried to do it
right. No doubt my work is puny,
my efforts are a jest; however, poor
my junk, it represents my best. If
you, at close of day, when sounds
the quelling bell, that truthfully can
say, you're doing pretty well. Some-
times you gaily west, and bear away
the price, but you have done your
best—in that the honor lies. And
having done your best, my com-
science doesn't hurt; serene you go
to rest, in your long maslin shirt.
And at the close of your day, you
have said goody to cousin, aunt and
wife, and all the children nigh; you
will face the river cold that flows to
islands blest, with bonnage high and
bold, if you have done your best. No
craven fears you'll know, no terrors
fierce and sharp, but like a prince
you'll go, to draw your crown and
harp. So then, whatever the field in
which you yield to earn your share
of blum, toll on with eager zest,
nor falter in the plan; the one who
does his best is God's blue ribbon
man.

It is the intention of the military
authorities at Ottawa to select a
spot somewhere among the islands in
the St. Lawrence river for con-
centrating Canadian soldiers who will be
sent from England to Canada.

Red Deer, June 7.—In the casualty
lists issued Saturday of the wound-
ed in the Fifth Battalion are found
the names of eight men who enlisted
at this point from Red Deer and the
district surrounding.

During a heavy rainstorm the tall
tower of the town hall at Vermilion
was struck by lightning and ripped
to pieces almost the entire height.
The council was sitting as a court of
revision at the time and the plaster
in the room they occupied was strewn
on the floor while the windows in
the hall on the floor below were
shattered to atoms.

A half storm if considerable vio-
lence struck itself on Saturday
afternoon, to the sorrow of many
whose early morning was broken by
it to be a source of pride. The hall
was quite hot, but about two inches
on the level fell during the storm,
which was accompanied by high
wind. Outside town the storm was
comparatively light and rain crops
did not suffer to any extent.—Innis-
fail Tribune.

PLAN SHORTER HOURS
DURING SUMMER

The season is now at hand when
one begins to feel the need of short-
er business hours, and to the provid-
ing of same the dealer should now
give his earnest consideration.

Especially during the heat of sum-
mer those engaged in the retail trade
both clerks and employers feel the
need of more time for recreation and
rest from business cares. That work-
ing hours can be curtailed consid-
erably without any serious effect on
business is demonstrated by the ex-
periences of dealers who in past years
have provided the necessary relaxa-
tion for themselves and clerks dur-
ing the summer months without a
curtailment of trade.

Too much work without play dulls
the brain and makes a person un-
able to carry on business in a really
aggressive manner. The dealer who
expects to do the best work, and
wishes his clerks to give him at the
best services, would do well to pro-
vide for regular periods of rest from
work.—Retail Grocer.

Was Weak and Run Down.

COULD NOT STAND
THE LEAST EXERCISE.

When one gets weak and run down
the heart becomes affected, the nerves
become unstrung and the least exer-
cise causes a feeling of utter listless-
ness. What is needed is to build up the
heart and strengthen the shaky nerves by
the use of such a medicine as Milburn's
Heart and Nerve Pills.

Mrs. J. A. Williams, Tillamook,
Ont., writes: "I cannot speak too
highly of Milburn's Heart and Nerve
Pills. I suffered greatly with my nerves,
and was so weak and run down I could
not stand the least excitement if any
kind. I believe your Heart and Nerve
Pills to be a valuable remedy for all
sufferers from nervous trouble."

Milburn's Heart and Nerve Pills are
50c per box, 3 boxes for \$1.25, at all
dealers or on receipt of a receipt of
price by The T. Milburn Co., Limited,

"Y" Notes

The regular meeting of the "Y" was held in the Test Room on Tuesday evening. Miss Albrecht presided. Reports were read by the treasurer and secretary, showing the work done during the year. These were extremely satisfactory in that they showed a great good work had been accomplished.

On motion it was decided that the "Y" assume half the expenses in connection with the Test Room.

Owing to the absence of many of the members during the holidays the "Y" will unite with the W.C.T.U. in their June and August meetings. After the transaction of business a paper was read by Miss G. Thomas, reporting the meetings of the District convention, May 13 and 14. Miss Thomas gave a full account of the meetings in an original manner, interspersing her facts with many humorous incidents and her paper was most interesting and refreshing. It was shown that the important theme of this convention was the campaign for prohibition. Discussion followed as to how this organization might assist in the Wetaskiwin district. A motion of adjournment closed the meeting.

District Court: Sitings

REX vs LOCKWOOD and LOCKWOOD.—At a special sitting of the District Court held on Friday last, the 4th inst., the criminal case of Rex vs. Charles Lockwood and LeRoy Lockwood, both of Forestry post office, near Strone, were disposed of. The charge was that the accused on about the 5th of March last had stolen about seventy-five bushels of oats from one, W. S. Tull of Forestry post office. The hearing of several witnesses on both sides, the Judge held that the evidence was not strong enough to warrant a conviction and discharged the accused. A. Mackay, K.C., for the defence; W.H. Odell for the prosecution.

MILLS vs ROBINSON—This action was recently tried at the Supreme Court sittings here and judgment was reserved. The judgment has now been handed down in favor of the plaintiff for the full amount of his claim plus some small payments already made and costs. W. H. Odell for plaintiff; Knox for defendant.

P. H. Bankal, of Edmonton, held a temperance meeting at the English Baptist church last Thursday evening. It was a temperance and prohibitionist of long standing and of much experience. Mr. Bankal impressed on the people present the importance of voting for the Liquor Act. The Act may not be what it ought to be but to vote for it is the only way we have of protesting against the present license system. There were some strong expressions made against certain provisions of the Act, but Mr. Bankal told the people that if they voted for it and forgot any defects it might have. He also said that fighting liquor was not a new thing for him. It is nearly five years since he was in Wetaskiwin and assisted in entering a protest against the granting of a license in New Norway with the result that it was refused.

Rev. Gee, of Lacrosse, spent Tuesday with Mr. and Mrs. C. R. Bruce. Donald Cummings expects to leave in a few days for Cudocan, where he will spend the summer.

A number of the citizens went to Edmonton on Monday last to close their franchise by voting on the gas plebiscite.

Mrs. Grant and Mrs. Dr. Robertson and family leave this Thursday evening for Ontario, where they will visit friends for a few weeks.

Mr. and Mrs. Wimbere, of Netraske, passed through the city the first of the week to visit their daughter, Mrs. J. Carruthers, at Brightview. The heavy rains of the past few days have thoroughly saturated the ground. Crop prospects in this district were never better for a banner year.

Reginald Wilkins returned from the Toronto University a few days ago to spend the summer vacation at his home. He is now a full-fledged Bachelor of Arts.

The many friends of Mrs. Fred Higginson are pleased to learn that he is convalescing nicely after his serious operation for appendicitis, which took place last week.

Remember the lecture to be given in the Angus Theatre on June 2, under the auspices of the W.C.T.U., by Mrs. Nellie McLaugh. The subject will be "Land of the Fair Deal."

Mrs. (Mrs.) Cobblehead of Lethbridge, who spent a few days of the past week at the home of Dr. and Mrs. Stevenson, left for Edmonton on Friday to visit friends and attend the conference.

A nice flow of gas was struck in No. 3 well on Tuesday evening at a depth of about 2,000 feet. As the bit has just entered the gas sands, it is expected that No. 3 will develop into a real gas well very shortly.

The Wetaskiwin Citizens' Band were at home on Tuesday when they played all day for the sports. Their work was greatly appreciated, and the boys received many compliments on the excellent program they rendered.

Mr. Watt, of Watt & Watt, the lumber merchants and box manufacturers, stayed at the Athlone hotel with Mr. Dent, and made the final arrangements for the carrying out of a large supply of lumber—Northern News.

Rev. M. L. Wright returned on Wednesday evening from attending the annual conference of the Methodist Church which was held at Edmonton, South. The final draft of stations does not show any change in this district, from that published last week in the Times.

There are many beautiful lawns, flower beds and garden spots in the city, but the lawns and flower beds at the C.P.R. office are special. Any citizen who has not yet seen this beauty spot should make it a point to do so in the near future. A large number of flowers were transplanted this week.

The season is drawing near when an increasingly large number of bad and inferior eggs reach the large markets or are offered for sale locally. A pamphlet (Pamphlet No. 3, Poultry Division, revised edition) entitled "The Culling of Eggs," is issued free to anyone who makes application to the Live Stock Department, Ottawa.

Medical Practitioners are required for the Royal Army Medical Corps, for active service. The qualifications are: British subject; recommended by C.C. District; certified as medically fit for service; age under 45 years; must be graduate of some Canadian University and also registered in one of Canadian provinces. Any physician desiring to volunteer should send their names at once to the Camp Commandant, Mobilization Camp, Calgary.

Chas. Wyld, who has had charge of the telephone work in this district has been transferred to Dayland, to which place he is moving this week. Charles will be much missed around town especially among the sporting fraternity. Mrs. Wyld will also be missed in the social circles. We wish them success in their new home. Mr. Wyld's place in the telephone department is being filled by J. T. Hutton, of Dayland, who has already taken charge of the work—Edgewood Sentinel.

In Splendid Health

J. W. HAMMOND Esq.
SCOTLAND, ONT., Aug. 25th, 1913
"Fruit-a-lives" are the only pill
manufactured, to my way of thinking,
they work completely, no griping
whatever, and one is plenty for any
ordinary person at a dose. My wife
was married to Constipation. We tried
everything on the calendar without
satisfaction, and spent large sums of
money until we happened on "Fruit-
a-lives". I cannot say too much in
their favor.

We have used them in the family for
about two years and we would not use
anything else as long as we can get
"Fruit-a-lives".

Their action is mild, and no distress
at all. I have recommended them to
many other people, and our whole
family uses them."

General News

All lakes in the community are cordially invited to take advantage of the accommodation provided at the West Hotel recently opened by the W.C.T.U. at 124 Lansdowne St. four doors from the city hall.

As birds are the chief enemies of our insect pests, it is very important in the destruction and control of these insect pests to pay particular attention to the question of the protection and encouragement of our native species of insectivorous birds.

The Wetaskiwin Prize List for the annual exhibition which is to be held on Friday and Saturday, August 27 and 28, is now in the hands of the printers, and will be ready for distribution before the end of the month. All persons wishing to advertise in this year's booklet should send in their copy to The Times Office at once.

It is announced that an area of five sections, in the Chin combe, in the Lethbridge district, is to be fenced and reserved as an antelope park. The park is being established at the direction of the department of the interior. The necessary arrangements are now being made for the construction of the fence, and it is expected that the efforts to enclose the antelope will be successful.

The Edmonton house of the P. Burns Company is sharing in the work of preparing dressed meats for the Allies. According to the statement of William Donald, manager of the Edmonton plant of the P. Burns company, published in the Edmonton Journal, the Edmonton plant has already shipped 2,000,000 lbs of cured pork to the French lines, while the Calgary plant has shipped the enormous amount of 8,000,000 lbs to France to aid in the work of feeding the allied troops.

The Canadian Courier is out for a three-cent stamp to take the place of the two stamps that are necessary since the imposition of the war tax. The Courier says: "We must all take two likes to the job instead of one; and neither the government nor the war gets any benefit from the additional and unnecessary tax. We are universally willing to put in as much time as we can in 'licking' the Germans, but why fritter away our energy in buying postage stamps when we gain nothing by it?"

The morning Albertan, of Calgary, in a report about the intercollegiate track meet for the Southern Alberta High Schools make futile claims as to the breaking of records for the province. One record which they claim to have broken, is the running hop-step and jump, with 37 feet 5 ins. Walter Jones, of the Ponoka High School has a jump of 28 feet 8 ins. to his credit. Who is entitled to the provincial record, then? On the face of it, the Ponoka High School. The same athlete made the 100 yards dash in 10 1/2 seconds. Calgary time for the same race was 11 1/2 seconds. Another record which Calgary claims is the 220 yards dash, (junior) in 27 1/2 seconds. Russell, of Camrose, in the Victoria Day celebration, made it in 25 1/2 seconds. We would advise Calgary High School to keep low—Ponoka Herald.

A recent amendment to the Dangerous and Mischievous Animals Act reads: "Any sheep or goat which breaks through or under any fence shall be deemed to be a breachy animal within the meaning of this Act." The Attorney General's department interprets this to mean that if the mere passing under a fence which is far enough removed from the ground to allow the animal to pass under it is not sufficient to constitute such an animal a notoriously breachy animal under the Act. There must be a breaking under the fence and not merely passing through it, that is to say the animal must force its way through or under the fence either by breaking or bending or removing it from its normal position some part of the fence or by digging its way under the fence.

BUILD UP THE HOME TOWN

If you want to live in the kind of a town,
Like the kind of a town you live,
You needn't slip your clothes in a
rip.

And start on a long, long, long,
You'll only find what you've let it be
bind,
For there's nothing that's really
new.

It's a knee at yourself when you
kneet your town—It's You!
Real towns are not made by men
afraid.

Let somebody else gets ahead,
When everybody works and nobody
shirks.

You can raise a town from the drag
And, if, while you make your personal
stake,
Your neighbor can make one too,
Your town will be white as
snow,
It isn't your town—It's You!

35,000 MORE MEN ARE CALLED

Montreal, June 8.—Thirty-five thousand more men are wanted to go from Canada to the fighting line in France as quickly as they can be trained and equipped. Major General Hughes made this announcement here tonight. This new force is to be composed of twenty-seven regiments of infantry and six brigades of artillery. With its organization the number of men raised in Canada for war service will total nearly 150,000. The new regiments will be recruited as follows:

Two regiments from Alberta, two from British Columbia, two from Saskatchewan, one from Manitoba, two from Winnipeg, two from the London division, four from the Toronto division, two from eastern Ontario (the district between Kingston and Ottawa), four French-Canadian regiments from Montreal and the province of Quebec, including the 57th and 60th battalions, for which recruiting commenced a short time ago; two regiments from the Maritime provinces.

WILLIAM JENNINGS

BRYAN RESIGNS

Washington, June 8.—William Jennings Bryan, democratic candidate for the presidency of the United States, and author of the nearly thirty peace treaties with the principal nations of the world, resigned today, as secretary of state in a dramatic sequel to his disagreement with President Wilson over the government policy toward Germany.

The resignation was accepted by the president. The cabinet then approved the response which had been prepared to the German reply to the Lusitania note. Acting Secretary Robert Lansing will sign the document and to-morrow it will be cable-d to Berlin. Secretary Bryan will return to private life to-morrow, the date on which his resignation takes effect. It was learned that he intends to continue his political support of the president.

PRESBYTERIANS AGAIN

FAVOR CHURCH UNION

Kingsford, June 8.—Friends of the church union again secured a decisive vote in favor of their proposals in the general assembly today. The opposition was weaker in discussion than was the case a year ago in the assembly at Woodstock and the showing in the ballot was correspondingly worse. The enthusiasm and fervor of the debate was practically all on one side.

The attendance at the afternoon meeting when the final vote on the question was taken was larger than was the case a year ago in Woodstock and the actual number voting against union was considerably less. The concluding ballot, showed that 242 commissioners had voted. Of this number 368 were for union and 74 against. In Woodstock a year ago there were 395 commissioners present when the vote was taken. Of these 266 voted for union and 109 against.

Calgary, June 8.—At a depth of 3,527 feet the drill of the Southern Alberta Oil Company, which has been grinding its way downwards for a year, encountered crude petroleum. The oil in such quantities that it is now standing at a height of 800 feet in the well. This well is two miles to the north of the famous Dinosaur first to strike oil in the Calgary fields, and makes the fourth steadily producing well to be brought in within the last year. Arrangements are already afoot for the drilling of a second well in the same vicinity by the Southern Alberta Company.

Strome, June 5.—John Graham received word this morning that his nephew, Private Allan Graham, was in the hospital suffering from gunshot wounds in the legs. Private Graham was a resident of Strome for nearly two years. He was an all around sportsman and an athletic enthusiast. Though only twenty years old when war was declared, he was one of the first to enlist in the 9th battalion for active service.

'The Customer is Always Right'

THIS the text or motto of a great and famous department store in Chicago. It is an assertion of the customer's place of supremacy in the relation between buyer and seller.

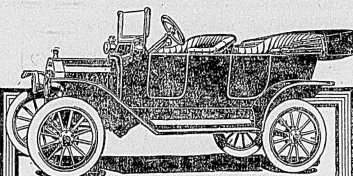

Any retailer who slights his customer is committing business suicide. The customer wants those who serve him or her to use the newspaper as a vehicle for their announcements of goods or service.

This is the modern and right idea. Newspaper advertisements gives desired business news in the right place and the right time. To ignore your customer's wishes in this matter is to commit a costly mistake—far more costly than newspaper space.

To the Merchants of Wetaskiwin:

Keep your eyes on your customer and humor them. It pays to do so. Keep very close to them—by means of advertisements in the Weekly Times.

Calgary, June 7.—Although Major Duncan Stuart, for the defence, argued that there was not a title of evidence against the defendant, Magistrate Sanders this morning committed Reynold Hordan, a German housemaster, for trial on a charge of having "spoken certain seditious words, thereby inciting discontent, disaffection and seditions among his majesty's subjects. His Worship refused to grant bail to the accused intimating, too, that every naturalized German enemy of this country should be placed in confinement. "A man who openly says he is an enemy of this country, although he is naturalized and admits his willingness to fight for his own country should not be allowed to go about without being interested," said the magistrate.

What Do the Penitentiaries Show?

The promoters of the Liquor Act was very eloquent over the amount of drunkenness in Alberta. They however, seem to assume a good deal on the words "probable number of drunks," and so many other offences are to be attributed to liquor. Now assumptions are all very good, but plain facts are better, and for this reason we would ask the reader to turn for a moment to the "Report of the Minister of Justice as to Penitentiaries for Canada for the Fiscal Year ending March 31, 1913. Printed by Order of Parliament." This is the last report that we have before us, and it reveals some mighty interesting figures as will be seen by the following quotations.

To enable the matter to be more clearly understood we show the following table:

"Comparative statement of convict in the penitentiaries for the fiscal year ending March 31, 1913. The table represents the whole of Canada the second, Dorchester prison for the Maritime provinces and Prince Edward Island, and the third table for the province of Alberta.

	p.e.	p.e.	p.e.
Abstainers	14.56	20.51	14.07
Temperate	50.66	42.56	83.50
Intemperate	34.57	36.92	2.42

These figures show Alberta in an extremely favorable light as regards the rest of the Dominion in the matter of Intemperate Convicts.

As far as the Maritime Provinces are concerned the record at Dorchester Penitentiary in 1913 showed over 54 per cent more Intemperate Convicts than in the case of Alberta. If prohibition prohibits how does this class of affairs come about? As a matter of fact Dorchester is the largest of Intemperate Convicts was 2 per cent more than the average for the whole Dominion. Alberta without prohibition, had the distinction of having in 1913 the smallest number of Intemperate Convicts than in any penitentiary in the Dominion. Can you try to beat this record?

Where is the evidence in the Dorchester prison that prohibition prohibits? Convicts came from all the three provinces of Nova Scotia, New Brunswick and Prince Edward Island. Upon the same parallel the adoption of the Liquor Act would cause more serious crime in Alberta. Why disturb the existing satisfactory arrangement? Keep your position intact by voting out the Liquor Act on July 21.

FARM WOMEN GIVE

THEIR ASSISTANCE TO PROHIBITION

Calgary, June 5.—Powerful assistance to the temperance forces of the province in connection with the vote on the question of prohibition, is July will be forthcoming shortly from the farm women of the province, who under the leadership of the Women's Auxiliary of the United Farmers of Alberta, the Women's Institute and the W.C.T.U. are deluging the country with petitions in favor of prohibition.

The chief factor in the movement has been the Women's Auxiliary to the U.F.A., the women's section of the United Farmers, who have persuaded the organization of the farm women to use the machinery in distributing the petitions all over Alberta. Accordingly, petitions are being sent by the central office of the United Farmers to local everywhere with the request that they be filed with the signatures and returned to be submitted to the provincial government.

LONE RIDGE

A nice refreshing rain. Just what we needed.

Mr. O. G. Olson has started sawing lumber again.

Miss Christine Stordahl who has been quite ill for some time, is now able to be around again.

A dance will be held in the Lone Ridge Amusement Hall on June 17, 7.30, 7.55, Ladies Free. Everybody Welcome.

A big picnic will be held at the Lone Ridge Amusement Hall on July 1st. There will be racing and baseball, also a dance in the evening.

The U.F.A. held their monthly meeting in the Lone Ridge Hall on Thursday last. It was well attended.

Charlie Cummings is wearing a broad smile over the arrival of a new son at his home.

CAMROSE

(From The Canadian)

There have been 42 families quarantined for measles in town during May and nine during June, making a total of 52.

Hiram Burger has sold the tin-smithing department of his business to Hoover & Robertson, who recently purchased Johnson & Coughlin's plumbing shop.

If the enthusiasm displayed by the landmen at last Friday's meeting is a criterion, there will again be heard in Camrose stirring strains of hand music.

One of the recently issued casualty lists contains the name of "Jimmie" Hogg, who has been wounded at the front. Mr. Hogg was a C.P.R. engineer and was well-known on this branch. He lived in Dayland about seven years ago where he was employed by E. W. Day. He enlisted at Calgary.

Rev. T. T. Carlson and a party of from 20 to 24 others from Camrose and district have arranged with the Canadian Northern Railway to run a special car for their accommodation, leaving Camrose June 15th for Grand Forks, South Dakota, to attend the Norwegian Lutheran convention.

A message was received yesterday by Vernon Smith, who operates a large farm northeast of town, that his son, William McIvor Smith, of the 16th Battalion of the 72nd Seaforth Highlanders, had died of wounds received at the front. The message, which is from the Adj. General at Ottawa, states that Smith died on May 29th, from a fractured skull and gun-shot wound. Smith, who is just over 18 years of age took part in the battle of Langemarck, and as he came out unscathed, it is supposed that he would have been received in one of the later battalions.

Corporal Whitley, of the R.N.W.M.P., formerly located at Camrose,

where he is well and favorably known miraculously escaped serious injury last Saturday evening, being in a collision of motor speeders on the Grand Trunk near Wainwright. Cor. Whitley, who was one of the police detailed to proceed the troop trains leaving Edmonton to see that the track was clear, was one of the party on the speeder returning to Edmonton, when they collided with a speeder traveling in the opposite direction. Both machines were travelling at least 20 miles an hour. Only one of the party, R. H. Duff, of Dunn was seriously injured.

Her Baby Had Dysentery.

Had Two Doctors. No Result.

WAS CURED BY THE USE OF
DR. FOWLER'S
Extract of Wild Strawberry.

In dysentery the discharges from the bowels follow each other with great rapidity, and sometimes become mixed with blood.

Never neglect what at first appears to be a slight attack of diarrhoea or dysentery, will surely set in. Cure the first symptoms by the use of Dr. Fowler's Extract of Wild Strawberry.

Mrs. Martin Fawcett, Doughty Corner, N.B., writes: "I am very strongly recommend Dr. Fowler's Extract of Wild Strawberry for dysentery and summer complaints. My little girl, at the age of two years, had the dysentery very bad. We had two doctors, but with no result. My mother brought me a bottle of 'Dr. Fowler's,' and when half the bottle was used the little girl was running around playing with her dolls with great delight and joy to the family, for we did not think she would ever get better."

There are a number of preparations on the market to-day, claiming to be the same as 'Dr. Fowler's,' but they are not. 'Dr. Fowler's' is manufactured only by The T. Milburn Co., Limited, Toronto, Ont. See that their name is on the wrapper.

Price, 35 cents.

Relief Corps

Tennis Tournament

The following is the schedule for the Tennis Tournament to be given in aid of the Women's Relief Corps on June 12, beginning at 2 p.m.

Each set will be allowed to play for three quarters of an hour, at the end of which time games will be counted instead of sets.

We would like the players to be very prompt and after their games are over to come to Mrs. T. C. Rubbra's where they will find out where they play next.

Through a misunderstanding some of the players chose partners, but as the majority of the players wish the schedule to be a draw throughout, it was necessary to change and let all take a chance. If any names have been omitted in the schedule it is an oversight and we would like anyone who wishes to play to hand in their names to Mrs. T. C. Rubbra or Miss M. B. Moore, and arrangements will be made for their playing.

Please get substitutes if you cannot play.

Tea and ice-cream will be served all afternoon and a special invitation is issued to all to come and have refreshments whether playing or not.

Admission for playing, 25c; tea, 10c; and ice-cream, 5c.

The courts are numbered as follows, Methodist courts, 1, 2, and 3. No. 1 being at the school; the Presbyterian Courts, 4, 5, 6 and 7, No. 7 being at the church.

In the tennis tournament since the games only are counted the players will change courts after every fourth game.

5—Mr. Reid and Mrs. Cutler vs winners of Court 5 in 2 o'clock draw.

The Women's Relief Corps will hold their regular sewing meeting next Wednesday afternoon from 3 to 5 o'clock.

There is need for more ladies to sew during the summer months and the Corps has plenty of material to proceed with the work.

A shipment of supplies was made by the Corps to the Red Cross Society. The bale consisted of 37 night shirts, 10 pairs socks, 3 pair knee caps, 4 pairs vestlets, 2 handkerchiefs, 1 cholera belt, 1 bundle of old linen.

The Corps wish to thank Mrs. J. Hix, Mrs. Herbert Hill and Mrs. Thoren for the supply of old linen, and Mrs. H. Hix and Mrs. Thoren for their help in the sewing.
